

BEST PRACTICES OF OUR COLLEGE

Best practice 1: Student skill development programmes

Objectives:

- To expose students to all possible self-learning avenues related to knowledge acquisition, skill development, personality development, value education, community orientation and entrepreneurial development . To enrich their learning based on experience and develop their analytical, problem solving and decision-making skills.

Context:

The skills provide students, centric learning for a sustained future. Develops a deep commitment to community and society.

Practice:

The departments take their students to field visits that help the students to acquire practical knowledge. Every year, all the departments organize the association meeting by inviting the resource persons to give a special lecture that helps the students in the development of new skills that kindles critical thinking and problem solving capability. The various inter and intra department competitions like equiz, poster presentation, drawing, adzap, miming, rangoli, vegetable carving, traditional food fest, mehandhi, painting, are conducted by every department that encourages and motivates the students to exhibit their talents. Fine arts competitions are organised for the students to showcase their artistic skills. Students are encouraged to participate in the extension activities like NSS, NCC, YRC, RRC, WDC, ENV club that makes them experience a great transformation. It also helps to develop their leadership qualities and motivates them to work in teams. All the extension activities cell organizes a special lectures and conduct competitions to bring out the talent of the students.

Evidence of Success:

- The students have succeeded and won prizes by exhibiting their skills in the competition.
- The students grow up as start-up entrepreneurs.

Problems Encountered and Resources required:

- We encounter problems in the maintenance of standards and levels since many students are from rural background.
- Continuous supply of funding to plan and execute events.
